Network PCB
Manufacturing Industry

www.networkpcb.com

We are committed to total customer satisfaction by providing quality custom PCB products.

About us

As an ISO 9001 : 2015 Certified Organization, we are committed to total customer satisfaction by providing quality custom PCB products, ensuring on-time delivery, enabling quick turn PCB manufacturing, offering competitive prices and through proven customer engagement & service.

Network PCB is a state-of-art PCB manufacturing company, strategically located in San Jose, California, United States of America. Network PCB combines engineering expertise, innovation, manufacturing excellence & state-of-art technologies to design & Manufacture the most diverse range of printed circuit boards.

In the past 25 years of our operations, we have established reliable partnerships & established a close working relationship with some of the Top PCB manufacturers & created a strong customer base in North America, Europe, Australia, Canada & Asia.

Our Vision

Be recognized as a leading global PCB manufacturing & Assembly services company that embraces new technologies, engages the people, operates with high ethical standards & seeks to deliver world-class products.

Our Mission

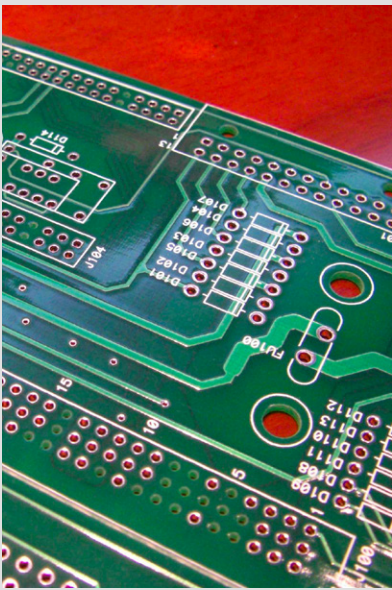

To be the partner-of-choice in the PCB Prototype & manufacturing industry by generating value through quality products, cost-effective solutions, on-time delivery efforts thereby achieving sustainable and consistent growth.

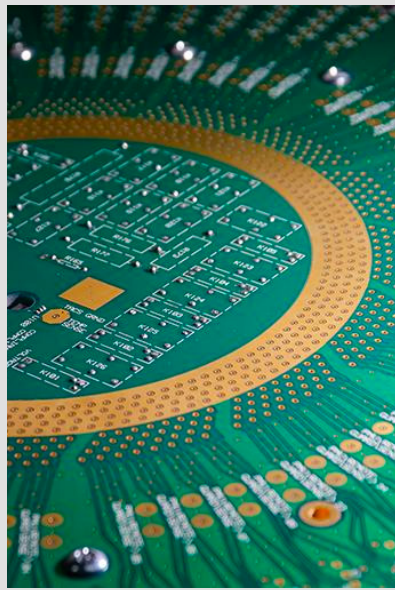

We provide comprehensive PCB solutions to overcome your business challenges.

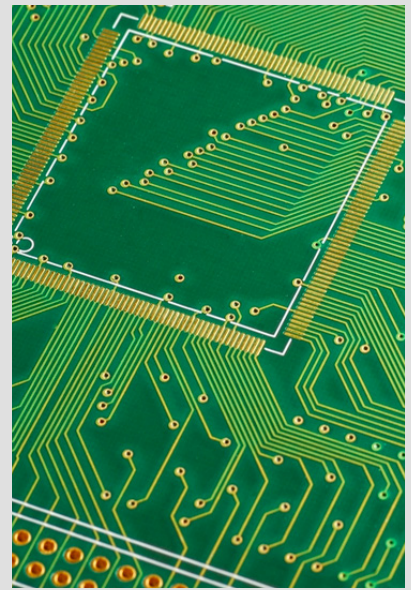

Our Products

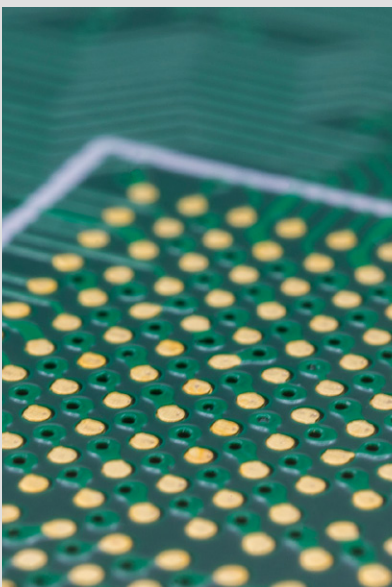

BIB (Burn in Boards)

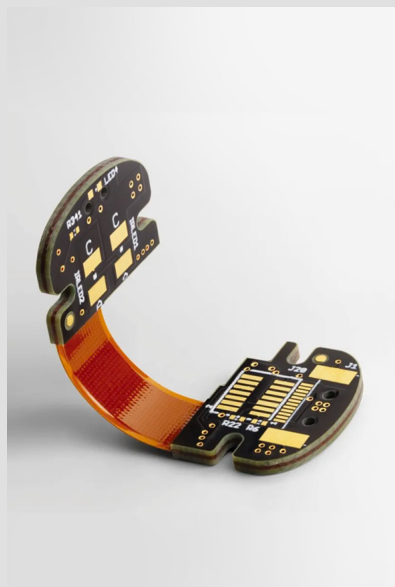

Probe Card

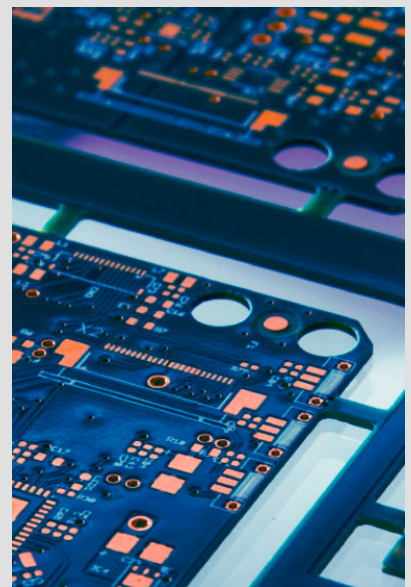

Back Plane Board

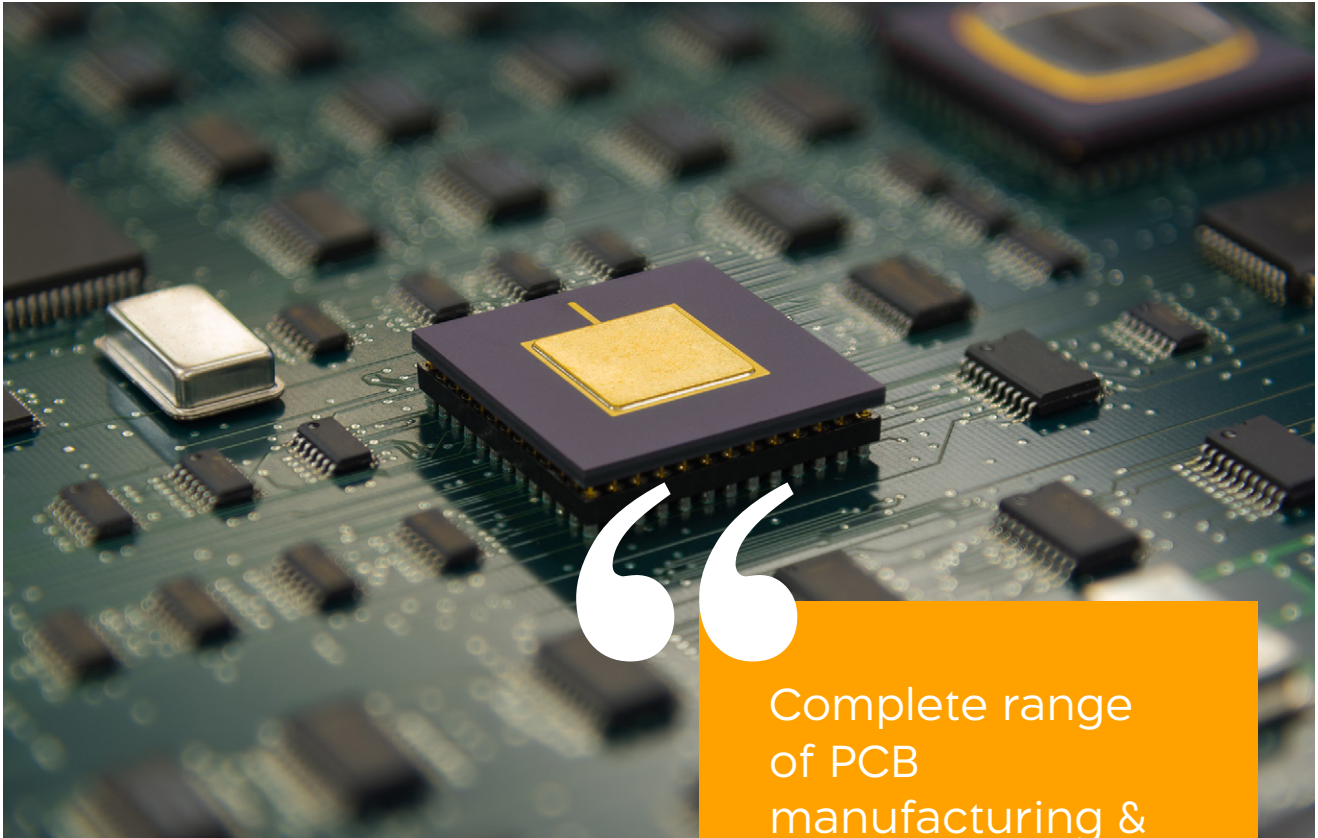

High Density Interconnect Boards (HDI)

Flex PCB Boards

RF & Microwave PCB Boards

Complete range
of PCB
manufacturing &
assembly services
to suit your
requirements

Pcb design

Our team is here to service your specific requirement around the clock. We provide exceptional and reliable quality at our facility or your (ask us for more info).

- Single and Multiple layer boards
- Digital, Analog, RF Circuits
- High density & Fine Line SMT, BGA and through-hole designs
- Ultra High Spee
- EMI Suppression
- Design for Manufacturing (DFM)
- Design for Test (DFT): Designs from Netlist, PADS PowerLogic, AutoCAD, or hand draw schematic

Service Included

- Layout PCB Database
- Gerber files & Aperture list
- Drill Data
- Fabrication Drawings
- Photoplots if required
- Convenience and Quality assured with designer and fabrication under one roof

We offering competitive prices and through proven customer engagement & service.

PCB Fabrication

Printed Circuit Boards are our business! We started out with PCB fabrication over twenty years ago. This aspect of the business is our winning attribute. We will gain you the extra mile since we are PCB fabrication experts.

We will stretch the cut-off time and push the job out so you can receive boards sooner than the deadline

Made in the USA

- Less than 24hrs available
- Load, Probe & Test Board specialist

Overseas Partners

- From Prototype to High Volume.
- ISO, UL, IPC standards certified

Capabilities

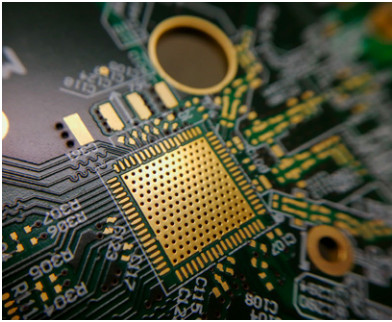

- Multi-layer (up to 40 layers)
- 0.008" - 0.250" thick boards
- 3/3mil trace/space (5/5mil standard)
- Impedance Control, Flying probe test
- Blind/ Buried Vias/Stack via..
- ENiG, Gold fingers, Hard Gold body & Flash Gold , ENEPIG...
- Selective plating hard gold & soft bondable gold.
- Material: Isola FR4 high temp, Polyimide, Rogers, MEG-6,Nelco 4000-13...
- 5mil mechanical drill , 4 mils laser drill
- Flex and Rigid Flex
- BIB, HDI, RF board, Load board, Test board ...
- Quote back in an hour

We operates with high ethical standards & seeks to deliver world-class products.

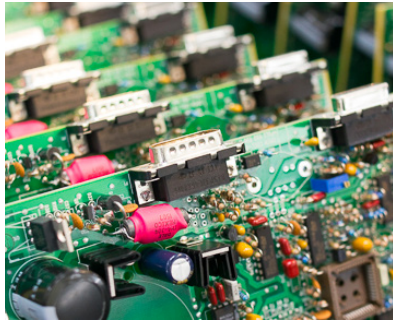

PCB Assembly

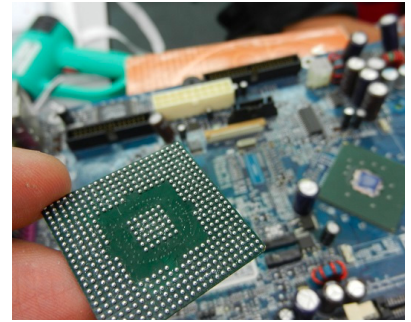

Services

Quick Turn PCB Assembly

Full Turn-Key Services

BGA Rework

Capabilities

- Fast turn – Same day delivery.
- SMT and Through-hole
- 0201/01005 smallest component
- BGA, uBGA and Flip Chip
- 0.3mm, 0.4mm.. pitch
- Water Soluble Cleaner
- AOI inspection
- X-Ray inspection

Equipments

- Mycronic pick and place machines
- Vitronics Soltec XPM2 and Heller 9 zone 1809W
- Computerized lead and lead-free wave solder
- AOI Systems Yestech FX
- Air-Vac DRS 24CTha
- DAGE XD7600NT X-Ray and more...

We are committed to deliver high-quality PCB products to empower a better tomorrow!!
